BLACK GETS WASHINGTON APPOINTMENT

WASHINGTON
Appointment of County Judge William C. (Bill) Black of Bell County as General Counsel of the House Committee on Agriculture was announced Sunday by Committee Chairman W. R. (Bob) Poage, D-Tex.

The 40-year old Temple lawyer, a graduate of Baylor University in Waco, will assume duties in his new \$12,500 a year position on December 1. In the past he will be in charge of the drafting of legislation which comes under the Committee's jurisdiction and the preparation of reports which accompany measures approved by the Committee.

Judge Black practiced law in Cameron and Dallas before moving to Temple.

A native of Milam County, Black is the son of Milam County Sheriff Carl Black and Mrs. Black. His wife is the former Doris Floca. They have two children.

"We feel we are very fortunate in obtaining the services of such a capable and distinguished lawyer for the Committee," said Poage. "We are looking forward to his coming here as a member of our professional staff."

Black said they would move to Washington as soon as possible but would retain their home in Temple.

He was appointed Bell County Judge in 1965 and is credited as the primary force behind a \$1 million bond election to purchase right-of-way for making Highway 190 from Belton to Ft. Hood a 4-lane controlled access highway.

Black also established a county-wide master plan in Bell County for sewer and water improvement and to qualify cities in the county for grants from the Housing and Urban Development Agency.

He helped establish the Bell County Mental Health and Mental Retardation Center and was an official in the Central Texas Economic Development District.

Carnival, Unicef, Crop

Kids Await Ghost Nite

Goblins, ghosts and witches can be expected on Cameron doorstep after dark Tuesday night with the familiar 'Trick or Treat' of Halloween.

Witches' hats and monster masks are in great demand in Cameron stores this week in preparation for the annual costume parade.

Halloween activities will start tonight (Thursday) with the annual St. Anthony School Carnival and supper at Simon-George Hall.

Halloween parties for elementary grade students in Cameron schools will be at 2 p.m. Friday afternoon with schools dismissed at 2:45 p.m.

Halloween has also come to mean a time of sharing for young people.

The youth of the United Church of Christ of Ben Arnold will collect

for CROP (Christian Rural Overseas Program) on Monday evening, Oct. 30, in the Ben Arnold community.

CROP is the Community Appeal of Church World Service. Last year the youth of the churches of Texas collected approximately \$64,000 for the program which distributes Food for Peace Supplies.

Church Women United will again sponsor the Halloween UNICEF drive in Cameron according to Mrs. Lane Horstmann. The door-to-door campaign for funds to aid children around the world will be from 5 to 6 p.m. Tuesday. Any school age child may participate in the drive by meeting at the First Methodist Church Fellowship Hall at 5 p.m.

Mrs. Horstmann said that adults would accompany the children or designated routes throughout the city.

The Methodist Church has set their Halloween party for young children to begin at 6 p.m. in the Fellowship Hall. Refreshments will be served at the church following a parade through downtown.

Oxshier Smith has announced that he regretted that he would not be able to have his annual Halloween party this year as has been the custom in years past.

Milam Drilling At Standstill; Hunt Tries Lee

Milam County drilling remained at a standstill during the past week, with no new wildcats scheduled or completions reported and activity had shifted to adjoining Lee County where the H. L. Hunt interests of Dallas have scheduled a new wildcat.

This new test, a Wilcox try, is the Hunt Oil Company No. 1 E. A. Varner. Location is seven miles southwest of Lexington on a 228 acre lease in the Aaron C. Dudd Survey. It is permitted to 4,630 feet.

This is Hunt's third attempt to hit the elusive Wilcox pay in Lee County. Earlier their No. 1 J. J. Parker, about 2 1/2 miles southeast of Lexington, was plugged and abandoned at 3,900 feet. And their No. 1 Wolf also was plugged after being drilled to 3,880 feet several weeks ago.

The No. 1 Varner was drilling ahead at last report early this week.

Hunt's two failures seem to indicate that Milam County's Milbur Field cannot be extended into Lee County and Wilcox production remains largely on the Milam side of the line. Hunt has large lease holdings in the county's Milbur Field area.

Ada Henderson School is returning to normal today following an epidemic of sick children Wednesday afternoon which resulted in 29 receiving emergency medical treatment and an estimated 70 affected.

Supt. D. R. Dodson said 60 students were reported absent from school Wednesday.

First believed to be food poisoning, medical authorities Wednesday said they were checking kitchen workers for a possible staphylococcus infection possibly spread to the children through food handling.

FOOD SAMPLES CHECKED
Samples of the food served Tuesday were also sent to the State Health Department for analysis.

Children began getting sick in Ada Henderson School following the lunch period Tuesday. By about 2:45 when the illness had reached epidemic proportions, Principal Don Wiggins dismissed school.

By 3 p.m. the Ada Henderson school grounds was a scene of bedlam as stricken students were stretched out on the grass.

School officials said about 20 students were taken to St. Edward and Newton Memorial hospitals for further treatment. Thirteen students and two school employees were retained at the hospitals Tuesday night.

Some students were hit by the illness enroute home. School bus drivers reported having to carry a number of students from the buses into their homes.

238 SERVED TUESDAY
Supt. D. R. Dodson said 238 students had been served in the Ada Henderson cafeteria Tuesday. The menu was turkey sandwiches, potato chips, sweet rolls, orange juice, milk and jello.

St. Edward Hospital Auxiliary members were mobilized to handle the rush of parents and sick children late Tuesday.

Hospital officials said auxiliary workers had given an "invaluable service during the emergency hours" at the hospital.

Inspectors A. V. Ignatowicz and Robert Bradley, of the Dallas office of the Food and Drug Administration, Department of Health, Education and Welfare, were in Cameron on an investigation "until we resolve the situation."

Schiller Attends Press Conference For Gus Mutscher

By Lloyd Albertson
State Representative Milton J. Schiller attended the news conference in Austin last Thursday called by Rep. Gus Mutscher, of Brenham, to announce he is a candidate for Speaker of the Texas House of Representatives in the 61st session.

Mutscher, who represents the 29th District, is seeking the office now held by Speaker Ben Barnes, who plans to run for lieutenant governor next year.

He said at the press conference he has 135 pledges of support from present House members for the Speakership, and a "substantial" number from candidates who will run to fill several vacancies.

In addition to Rep. Schiller, other legislators attending the conference were Rep. W. S. (Bill) Healy, chairman of appropriations; John Traeger of Seguin; J. E. Ward of Glen Rose; Charles Jungmichel of La Grange; and Rayford Price of Palestine.

Rep. Schiller said he was pleased at Mutscher's announcement and believed he would be an excellent choice for Speaker to succeed Barnes.

"Rep. Mutscher is a personal friend of mine and I've known him a long time," he said. "I have never happened to serve on a committee with him, but I have worked with him in other ways during my three terms in the House, and know he is very capable. And with 135 pledges of support he is assured of election to the office of Speaker in the 61st Legislature."

"His 29th District, like the 27th which I represent, is still largely a rural district -- so I feel it should be of real benefit to the Central Texas area for someone to be in the Speaker's office who is familiar with rural problems and needs."

Yoe Ready To Take On Navasota

By Fritz Pratt

Looking back on the Navasota Rattlers' 1966 season, the Yoemen appear to have a breather game this week. Last season the Rattlers won only one out of 10 games. And, true as in last year, the depth and size problems are still plaguing the Rattlers again this season.

But, if a fan looks closer at the Navasota eleven, he'll find some solid strong points. The passes of field general Clyde Pederson have evolved into a scoring technique this season. Add to this the running game based on Wally Coronado and Van Pool, and you have a nice offensive game.

With a line backed up by tackles Thomas Haynie, Fred Estes and guard Hal Kooker, the Rattler running game should have clear shots.

The main weakness of Navasota is defense. Most of the scores piled up on the Rattlers this season have been high. An example is the 31-12 defeat taken from Giddings last week.

Al Heft is recovering nicely from his injury. This was evident in the Yoe - Hornet game last week. Paul Chandler should be back in service this week, so perhaps we'll catch a glimpse of that effective backfield with Fogle at halfback and Chandler at quarterback.

If Chandler is not up to par, the Yoe offense will not falter. Judging from his performance against Caldwell, Fogle is a very competent field general.

Charles Maddox, generally a Cameron defensive star, will probably be back in action against Navasota after recuperating through the Caldwell battle.

Another shining Yoe defender, John Urban, appears to be back in the lines this week. His efforts in the Hornet game were a credit to his name.

In any event, it will probably be a tough, close game for the Yoemen to win.

Keith Purchases Mondrik's Minimax In Business News

W. C. Keith, Jr., has assumed management and purchased the Minimax store, 500 South Crockett, owned and operated for 38 years by Alvin Mondrik, of Cameron.

Keith, experienced in grocery store management and wholesale grocery sales for 13 years, is a native of Cameron. He was store manager at Mondrik's Minimax for several years in Cameron and Rockdale. He has been a sales representative for a wholesale grocery concern for the past four years.

The Mondrik store operated as a family store for about 70 years, including about 10 with a franchise connection. Mondrik told The Herald his plans were indefinite. He said he was going to continue to be active in farming and was considering the possibility of another type of business.

Keith graduated from Yoe High School. His wife, Evelyn, is presently employed at Dusek Pharmacy.

Another grocery, Matula's Supermarket announced construction underway on additional space of 17 by 90 feet in the rear of the North Fannin grocery.

Lone Star Gas Co. will be moving into a new location on North Houston in the first floor of the Masonic Building January 1.

A third business change was rumored this week. It was said to involve a cleaning establishment in Cameron, but no confirmation was possible at presstime.

Cameron Library To Observe Book Week

Cameron Public Library will participate in National Children's Book Week October 29 - November 4 with a special display of 59 children's books from the Texas Library.

The display at Cameron Library will be in the section recently designated the Mary Randolph Reading Corner.

SOIL TEST — Wayne Mann, Soil Conservation Service, pulls a sample of the soil at a North Cameron plant site. Holding a sample is Frank Baker, area soil

scientist from Austin. This is one of preliminary measures underway in Cameron Industrial Foundation's plans to locate industries.

McCullin To Head Ex-Bandsman Group

An ex-band students association has been organized by Yoe High School, following the reception Friday night at the new J. Francis Cox Hall.

A. W. McCullin Jr. was elected president; Morris Eplen, vice president; and Miss Susan Ross, secretary-treasurer.

McCullin said a list of about 600 ex-band students has been compiled.

Sparks UT Win Yoe High Ex

SPECIAL TO THE HERALD

AUSTIN
It wasn't advertised, but Saturday was Mike Perrin Day at Little Rock.

The junior defensive end from Cameron had his biggest day in helping the Texas Longhorns defeat Arkansas, 21-12, before a capacity crowd of 53,000 in Little Rock and millions more watching the national telecast.

Mack McKinney, a sophomore end, also from Cameron, teamed with Perrin for the most spectacular play of the Arkansas game.

Perrin ran a blocked punt back 10 yards to the Parker one to set up Texas' go-ahead score, intercepted two passes, broke up another and in general created havoc from his left end spot on the Longhorn defensive unit. McKinney blocked the punt.

An all-America prep player from Yoe High School, Perrin didn't see much action until the seventh game of his sophomore year last season. A knee injury in the SMU game sidelined Capt. Barney Giles for the remainder of the year, and Perrin became a regular.

son to give the Horns solid end play since then.

Making the big play is a Perrin trademark, but he's never had as many in one game. His previous high was against A&M last year when he set up two field goals, first with a jarring, fumble-causing tackle and later with a fantastic interception and 24-yard return.

It's no surprise to Coach Darrell Royal that Perrin plays so well.

"Mike Perrin is an exceptional person," Royal says of the pre-dental student. "He's as clean as a boy morally as you'd want to run across, and he has the outstanding basic qualities you like to talk about. He's a great advertisement for college football. He has the ability, he's intelligent and he's a great competitor. What else can you say about a boy?"

What else, indeed? Especially after his play against Arkansas.

Son of a civil engineer graduate of Texas A&M, Mike was a star fullback-linebacker for Cameron's district champions and chose the Longhorns for his college career because he liked the program operated by Royal.

Perrin captained his Yoe High team, was most valuable player, chosen on the high school all-America team, was president of the student body was national honor society president.

As a fullback, Perrin rushed for 1,098 yards his senior year while leading the Yoemen to the district championship.

After playing fullback for the Texas frosh in 1965, Perrin was relegated to the scout team his sophomore year until Giles' injury put him in the starting lineup to stay.

A B-plus pre-dental student, Perrin is as strong in the classroom as he is on the gridiron.

With three consecutive wins behind them the Longhorns take on the tough Rice Owls in Austin Saturday night.

The Rice game is UT exes homecoming. But don't be surprised if Mike Perrin gets in the act.

McKinney is the son of Mr. and Mrs. Lavert McKinney of Cameron.

for a good conversion and the score stood at 13-7.

A penalty on the following kickoff pushed the Yoemen 5 yds farther back. Even with these 5 yds added to the distance, Miller put the pigskin in the Caldwell end zone. Play was resumed on the 20.

After bruising tackles and a penalty on 4th down, Bowers booted the ball to the Yoe 41.

The first cat out of the gaining bag was Heftt, who streaked off 4 yds. Kirk added 2 more and Miller's punt on 4th down went to Caldwell's 20.

Hornets controlled the ball just 4 downs, punting on the 4th. The tackle gang tacked down the Hornet running game.

Fogle hauled in Bowers' punt on his own 45. After feints, dodges and just plain sprinting, Fogle was hauled down on the Caldwell 8. This was a 37 yd return. Just 2 plays later Fogle flashed around left end from 6 yds out for the final Yoe TD. Miller's extra point conversion clinched the game with a 14-13 score.

Steve Kyles pulled in Miller's kickoff and was quickly downed on his own 18 yd mark. Yoe defenders shattered the Hornet line. Bowers' 4th down punt was returned by Kirk to the mid-field stripe.

YOE MEN SCORE

Now, in 3 quick plays, the Yoemen scored. Heftt's 6 yd dive through the line was the first play of the last quarter. Heftt's run was followed by Kirk for 3 yds. The remaining 36 yds between the Yoemen and the goal line were all Fogle's as he shot around right end and found daylight.

Miller sank his foot into the ball

and returned the ball to the Yoe 24. On the 1st play from scrimmage it was Miller for 1 yd. On the next own, Miller struggled and smashed through 14 yds of Hornets.

Fogle sprinted around right end for 5 yds, followed by Crouch for 4. Miller picked up 2 yds on 3rd down and a 1st down was up for the Yoemen.

Fogle's pass to Crouch was incomplete. Determined to do it right, Fogle again passed to Crouch on 2nd down. This time the play was good for 15 yds and a 1st.

An aerial to Miller missed its mark on the following play. In the next two, Fogle was caught behind the lines for losses. On the latter of these two downs, Fogle was knocked free of the ball and Caldwell recovered.

The Cameron defense bottled up the Hornets, not even allowing one 1st down. Tackles were made by Hosh, Kirk, Lafferty, Dohnalik, Chapman, and Jekel. The Hornets punted on 4th down.

Miller took the mail on the 1st play from scrimmage and picked up 3 yds. He added 3 more on 2nd down. Crouch sliced through the 5 yds needed for a 1st with a yard to spare.

Miller exploded into the Caldwell line and came out with 15 yds and a 1st. Crouch picked up 3 yds now, followed by Fogle on a keeper around right end for 6. Miller gathered in 5 yds and another 1st.

It was Crouch splicing the Hornet defense for 8 yds on 1st. Al Heftt added 1 and Crouch picked up a 1st on the next try.

Fogle, fading back to pass, was dropped for a 9 yd loss. Kirk plastered himself through the Caldwell line for 1 yd on 2nd down. A Fogle pass to Lafferty was good for 2 yds, but not good enough for another 1st. Miller punted to the Hornet 27 on 4th down.

SECOND HALF

Zavodny's kickoff at the beginning of the second half landed in

'MIKE PERRIN DAY' — That's how they describe the defensive exploits of Texas' Mike Perrin at Little Rock last Saturday. Son of Mr. and Mrs. Frank Perrin, of Cameron, Mike is an Arts & Science major with a B plus average and an A plus average for intercepting Porker passes and running with blocked punts. His defense and the offensive efforts of halfback Chris Gilbert led the Longhorns to a 21-12 win.

age and an A plus average for intercepting Porker passes and running with blocked punts. His defense and the offensive efforts of halfback Chris Gilbert led the Longhorns to a 21-12 win.

Yoemen Dust Hornets 14-13

By Fritz Pratt

The Fighting Yoemen came up with a 4th quarter rally Friday night before a cheering homecoming crowd to down a hot Caldwell eleven 14-13.

	Cameron	Caldwell
First Downs	15	4
Yards Rushing	209	17
Yards Passing	26	9
Passes Attempted	7	4
Passes Completed	4	1
Passes Intercepted by	1	0
Punts	4 for 31	5 for 30
Fumbles Lost	3	0
Penalties	2 for 20	0 for 0

Caldwell won the toss and elected to receive. Mike Miller booted the ball-deen into Hornet territory with the kickoff, and Kirk brought down the Hornet who returned the kick.

On the first play from scrimmage the Hornets went to the air. Fogle leaped to defend on the pass, but came down with the ban instead.

Now the Yoe offense took over with good position in Hornet territory. Kirk got the call first and picked up 2 yds. Miller added 1 more on the next play. Fogle found daylight around left end and kept for 5 yds, falling short of the 1st down. On 4th down Fogle sneaked 2 yds through the middle for a 1st down.

Kirk beat out a 2 yd gain now, followed by Miller for 3. Now Fogle tried an aerial to Miller, and connected for 2 yds gained. On a 4th down with 3 needed for a 1st, Fogle again passed. But halfback Dennis Crouch couldn't quite reach the ball, and it went over on downs.

Yoe defenders took to the field once more, holding the Hornets to only one 1st down on this try. Gang tackles by Dohnalik, Fogle, and Barrell, plus solos by Lafferty and Hosh helped hold the Hornets down. Finally Robert Kocurek was forced to punt for Caldwell. The ball went out on the Yoe 34 yd line.

Kirk opened offensive play with a 3 yd burst through the middle. Miller added 4 more with a plunge into the line. Crouch struggled through 2 yds before being hauled down.

LONGEST RUN

Now came the longest run of the night. Since 4th down had caught up with the Yoemen, Miller dropped back and punted to the Hornet 27. Allen Garos, a 140 pound hornet back, scooped up the ball, found his left side line, and raced 80 yds for a TD. George Zavodny missed the extra point kick, but tried. The Hornets led 6-0.

The Yoemen led 6-0.

MACK MCKINNEY — The sophomore end at Texas who blocked a punt run back by Mike Perrin is Cameron's Mack McKinney, standout quarterback at Yoe High School two years ago, and now the other starting end on Texas' team. It is the first time two Cameron players have been starters on any Southwest Conference team.

Rockdale Second In District Play After 54-14 Victory Over Unicorns

Richard Kubiak and James Crocker became Tiger stars last Friday night as Rockdale rolled over the New Braunfels Unicorns 54-14.

The game gave a clear 2nd place to the Tigers in District 13-AAA competition. The Rockdale squad is 4-1 in league play, and 6-1 for the season. Their only loss came at the hands of a bruising Seguin team, 13-10.

Following a bone-crushing line, Crocker roamed 98 yards in 8 totes. Kubiak piled up 77 yds in 11 carries. But the top gainer was H. aErI Marion who shattered the foe with 100 yds in 19 carries.

Crocker hauled in 4 of OB Robert Brady's passes for 97 yds. He also turned in a 40 yd run when he intercepted a Unicorn pass.

Marion took the 1st Rockdale TD on a 1 yd burst following a 35 yd drive. Brady accounted for 31 of those yards with a long bomb of a pass to end O. D. Neely. Mike Sner put his foot into one of his six extra point kicks which were good.

The second Tiger TD also goes to Marion who sprinted around end capped a 42 yd drive. The big shot from eight yards out. This play of this drive was a 23 yd pass from Brady to end Glen Chmelar.

Crocker took the 3rd Rockdale 6 pointer with a blazing 55 yd scamper which started as an off-tackle play.

A 71 yd march to paydirt and Rockdale's 4th TD was sparked by a 48 yd aerial which landed in Crocker's hands. Brady took the final 12 yds himself with a romp around end.

Kubiak finished off a 45 yard march with a 1 yd line smash to make it 35-0.

Just before half-time Unicorn back Randy Beakley shook himself loose on a draw play and scampered 17 yds for a TD. Armando Aguirre footed the PAT conversion. This 6 pointer climaxed a 65 yd charge led by field general Bobby Janca and his passing.

In the 3rd quarter Kubiak broke through tackle and made it good for 33 yds and another TD.

The Unicorns answered with a flashing 53 yd kickoff return by Crespin Perez. He made it to the 1 yd. line, but couldn't make it over. Beakley took that final yd on a line buck. The extra point went to Aguirre and his talented toe, thus finishing New Braunfels scoring for the night.

The Tigers came back at the Unicorns with a 67 yd drive in 8 plays. Brady got the TD from 8 yds out.

The final Rockdale score also went to Brady with a 9 yd, end-around sprint. This TD was set up by Crocker when he pulled down one of Janca's passes and stomped off 40 yds before being dropped.

The final score - 54-14. Rockdale has an open date this Friday.

	Unicorns	Tigers
First Downs	12	26
Yards Rushing	97	327
Yards Passing	130	190
Passes Attempted	34	13
Passes Completed	9	3

Early Closing For City Schools Friday

Students in Ben Milam, Ada Henderson and Yoe High schools will be dismissed at 2:45 p.m. Friday, October 27, because of the Yoe - Navasota game to be played at Navasota, 7:30 p.m. Friday.

Halloween parties for elementary grades will be held from 2 to 2:45 p.m. Friday.

Marburger Suffers Third-Degree Burns

Clifford Marburger, a mechanic at Hefley-Stedman Motor Co., is undergoing treatment at St. Edward Hospital for third-degree burns received in a shop accident last week.

Guests in the home of Mrs. E. A. Flinn last week were Mr. and Mrs. W. D. Craig, David and Dick Craig of Austin, Mr. F. E. Flinn and Mrs. A. F. Swearingan of Corpus Christi, and Mr. and Mrs. Bob Wormle of Belton.

Milano Eagles Down Cranfills Gap 52-6

Milano's Eagles downed Cranfills Gap in a 6-man game last Friday by a score of 52-6.

Eagle quarterback Robert Silva was having a night as he accounted for 3 touchdowns with his passes. Silva connected with Bruce Coldiron on two TD pitches. Both passes were for long yardage. The other aerial that netted 6 points was a 20 yd bomb to Grover Morgan.

Also to Morgan's credit for the night were 5 extra point conversions.

Merris Popham turned in his usual crowd-raising performance as he tallied 3 TDs for the Eagles. A blazing 18 yard sprint around end made a score. His next TD came on a 1 yd smash through the line. A 20 yd scamper on a sweep accounted for Popham's final six pointer.

Mark Story accounted for the remaining Eagle score with a brilliant 20 yd scoot around the end.

If Silva had not been on target with his passes, the Eagles would have had a close game. The 153 yds passing were all that saved Milano from a battle.

Cranfills Gap's only TD came when they penetrated deep into Eagle territory. The sustained drive was capped by a 1 yd buck through the middle by Ray Lee.

The extra point failed and scoring by Gap was finished for the night. Final score - 52-6.

	Milano	C G

Proposed Amendments Of Texas Constitution Analyzed For Voters

Editors note: Six amendments of the Texas Constitution have been proposed and will be voted on November 11. Texas Industrial Conference of Dallas has published an analysis of these amendments to help voters understand the proposals. The Herald will publish two each week.

Proposition 1 on the Ballot

You will vote FOR or AGAINST: "the constitutional amendment allowing counties to put all county taxes into one general fund."

This is a proposal to amend Article VIII, Sec. 9 of our State Constitution, which names the funds for which a county may levy ad valorem taxes and provides that the total levy for General Fund, Permanent Improvement Fund, Road and Bridge Fund and Jury Fund purposes shall not exceed eighty cents. The same section also authorizes an additional fifteen cent ad valorem tax to be levied and collected for the further maintenance of public roads, if approved by the voters.

This section formerly set a maximum tax rate for each of the four funds. In 1956 it was amended to eliminate these maximums so long as the total of the tax levies for these four funds made by the commissioners court does not exceed eighty cents on the \$100 valuation.

The only change made by the amendment to be voted on in November would be to add the following words: "Any county may put all tax money collected by the county into one general fund without regard to the purpose or source of each tax."

Proponents say that the amendment would allow counties which have excess money in one fund to transfer this money for use by other funds which are short or exhausted. This flexibility would sometimes forestall a need for additional taxes.

Opponents of the amendment express apprehension that, if free and unlimited transfer of money between these four major county funds is allowed, some internal cash controls that safeguard the assets of the county will be lost.

The interpretation and the application of the amendment, if it is adopted, may depend largely on the views of the county auditor or other fiscal officer in each of the counties.

Proposition 2 on the Ballot

You will vote FOR OR AGAINST: "the constitutional amendment to permit municipalities, other political subdivisions and state-subsidized entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

This proposition would add a new Section 13 to Article IX of our Constitution under which municipalities and other potential subdivisions might be allowed to levy taxes, issue bonds and expend public moneys for establishment, maintenance or support of mental health services and mental retardation services. The permitted activities would include public health

units or clinics and related public health activities or services.

This proposed amendment is intended to clarify the responsibilities of hospital districts. Various constitutional amendments for creation of specific hospital districts have been adopted. In 1962 an amendment (Article IX, Section 9) giving the Legislature general authority for such districts was approved. It provides that after a hospital district is created "no other municipality or political subdivision shall have the power to levy taxes or issue bonds or other obligations for hospital purposes or for providing medical care within the boundaries of the district."

In 1965 the Legislature passed a law creating the Department of Mental Health and Mental Retardation and transferring to it the functions and property previously belonging to the Board of State Hospitals and Special Schools, and some related functions of the State Department of Health. This law provides that community centers can be established and operated by one or more cities, counties, hospital districts, school districts, rehabilitation districts, or state-supported medical schools, or any combination of these. Such community centers are to provide mental health services or mental retardation services or both. They can give free service to indigent persons and they can charge reasonable fees, to cover costs, to other persons.

These centers are eligible for state grants-in-aid if they meet minimum standards established by the State Department of Mental Health and Mental Retardation, and may be eligible for federal assistance.

In April of 1966 the Attorney General held that Section 9 of Article IX of the Constitution of Texas does not permit a county in which a hospital district is created to expend tax monies for medical and hospital services but places such power, duty and authority in the hospital district. The hospital district in such event is the local authority through which community centers for mental health and mental retardation services are to be established.

Adoption of this proposed amendment would permit the Legislature to from cities and other political subdivisions living within a hospital district from the restrictions raised by the Attorney General's opinion. This would permit them to finance comprehensive community mental health and mental retardation services, support public health units and clinics and related public health activities, and cooperate and contract with each other for these purposes.

Underlining its intent the amendment says that unless a statute creating a hospital district shall "expressly prohibit" the establishment, maintenance or support of such services, a municipality or any other political subdivision or state-supported entity within the district may do so.

It is not clear how this would affect hospital districts which have already been created. The laws under which they were created carry the same general prohibitions which are in the constitution—a broad prohibition against levying taxes for hospital purposes or for providing medical care. It may be held that this broad statement does not "expressly prohibit" participation in mental health services, mental retardation services and public health services. mental retardation in mental health services, mental retardation services and public health activities. If it should be so held, local government agencies within these districts would be able to act immediately along these lines if this amendment should be adopted, without further legislative action. If it is held that the present broad language of the statutes expressly prohibits such

Harmon Watson Kelley of Cameron is a member of the 1967 freshman class at The University of Texas Medical Branch in Galveston. Kelley, a 1967 graduate of Prairie View A & M College, is the son of Mr. and Mrs. Harmon Kelley, 902 North Orchard. While attending Prairie View A & M, he was a member of Beta Kappa Chi, scientific honor society, and Who's Who in American Colleges and Universities.

Mrs. Anderson Dies In El Paso

Mrs. Louis Anderson, 54, died suddenly Wednesday, October 18, in El Paso. She is the former Vivian V. Edwards of Minerva and a sister-in-law of Joe Anderson, Cameron.

The Andersons were in business in Cameron until about 1947 when they moved to El Paso.

Funeral services were held at 2 p.m. Friday in El Paso.

Survivors include her brother Bill of San Francisco, California who made his home with the Andersons and five brothers and sisters.

activities, municipalities and other political subdivisions will not be able to act until another session of the Legislature amends the existing law.

In addition to those authorized by the general laws, more than 70 hospital districts have been authorized by special laws passed by the Legislature but at this time there are only 31 hospital districts which have been approved by the voters and thus activated for operation. These 31 hospital districts serve approximately one-half of the population of the state. All would be affected by the proposed amendment.

The purpose of the constitutional requirement that hospital districts assume full responsibility for providing medical and hospital care of their needy inhabitants was to avoid duplication and conflict and to assure the most efficient services for the districts' needy citizens. It has been argued that duplication and conflict would result from the new services allowed by this proposal.

Supporters of the amendment say mental retardation and mental health problems call for specialized solutions, and involve more than medical or hospital care. Such problems are not restricted to needy families. They require education and training facilities which are not available in hospitals. Proponents point out that hospital districts were not intended, originally, to replace municipal or county health departments. And it was never contemplated, they say, that county hospital systems would be the only agency dealing with such specialized and complicated problems as mental health and mental retardation.

Saving A Gambler's Neck

The Holdout

By Jesse Wilkerson

The last time I saw the three-story structure that once housed the old Auditorium Hotel, I became haunted by memories of a by-gone era. Originally built as an opera house, it was the pride of Cameron. Later it was converted into a hotel.

As I looked at the closed doors and the forlorn appearance of the vacant building, I could well remember the glorious heydays of the hotel. Each night it was filled with traveling salesmen coming from far and near. "Drummers" they were commonly called. They came in by the twelve trains that served the city daily. The hotel register bore the names of some very prominent and distinguished people.

Possibly many stories could be told of the old hostelry, but the one that comes readily to mind has to do with a young man who was once night clerk at the Auditorium. This young fellow was an ardent student of history. His favorite

Milano . . .

By Evelyn Miller

Visiting in the home of Mrs. Mattie Reese over the weekend were Mr. and Mrs. Billy Hardcastle and children, and Mr. and Mrs. William Deese and children, all of Angleton. Also visiting were Mr. and Mrs. Travis Yoakum of Austin, and Mr. and Mrs. Billy Reese, Kevin, and Missie of Milano.

Mr. and Mrs. Billy Warren of Bryan were Saturday guests in the home of his father, Mr. and Mrs. Frank Warren, Evelyn and Beverly.

Recent guests of Mr. and Mrs. Vance McDonald and girls were Mr. and Mrs. W. C. Haggerty of Kingsland and Mr. and Mrs. Fred Peed of Cameron.

Mr. and Mrs. Bill Champion visited her parents, Mr. and Mrs. Louis James in Austin this weekend.

Mr. and Mrs. Frank Warren and Evelyn, and Mr. and Mrs. Ray Corbin visited Mr. and Mrs. Clifton Lake in Houston Sunday. Mr. and Mrs. Corbin stayed for a visit.

Miss Linda Wise was honored with a bridal shower in the home of Mrs. Luther Walker Fri. night. The serving table was centered with a white bell wedding tree. Hostesses were Mrs. Walker and Mrs. John Yakesch. The guests enjoyed refreshments of cake squares punch, and nuts, and then played bridal bingo.

Sunday guests in the home of Mrs. Alvenia Hurt were Mr. and Mrs. Dickie Hurt and daughter, and Mr. and Mrs. Donald Moore and children, all of San Antonio. Also visiting were Mr. and Mrs. Charles Lopez and Chuck, Mr. and Mrs. Pee Wee Pacey and sons, Mr. and Mrs. Leland Garrison and children and Mr. and Mrs. Cecil Hurt, Sarah and Phillip Lopez, all of Milano.

School Menu—

MONDAY—Fish portions with catsup, baked beans, buttered beets, fruit cup, hot rolls, milk.

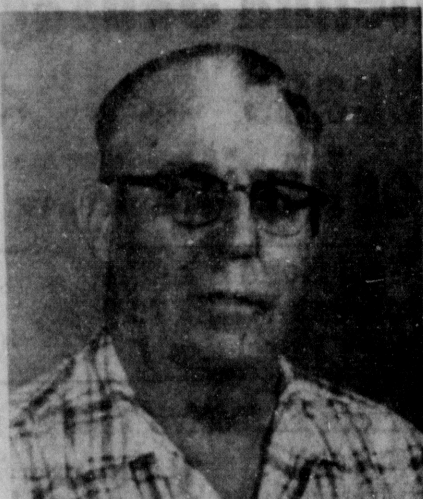

TUESDAY—Broiled meat rounds with pineapple, buttered noodles, green beans, peach halves, hot rolls, milk.

WEDNESDAY—Meat and spaghetti in tomato sauce, buttered corn, carrot and pineapple salad, hot rolls, milk.

THURSDAY—Hamburger on bun lettuce, pickles, onion, potato gems, ice cream, milk.

FRIDAY—Hamburger steak in gravy, creamed potatoes, mustard greens, cottage cheese - pineapple salad, hot rolls, milk.

Rogers Ties 14-14 With Lexington; Leading District

The passes of the Lexington Eagles brought them up to a 14-14 tie with the Rogers Eagles.

Rogers was heavily favored to take this 24-A game over Lexington, but the Eagles won only by penetrations. Lexington topped the Eagles in every statistic column except yards rushing. But Lexington had a compiled 292 yds gained while Rogers collected only 230.

Twenty-five of the 42 passes for Lexington connected to total up to 213 yds. Lexington field general Rickey Spencer was responsible for all of the passes. One of them connected with end L. C. Cox for a 6 pointer. The TD came after a 2 point PAT conversion attempt following a 4 yd touchdown run by Pat Pratt with 1:45 left in the game.

Cox, who has been out the last two games with injuries, turned in a brilliant performance as he pulled in 13 passes.

Rogers still leads in the 24-A district race. In district play 3-0-1 is the record for Rogers and 5-1-1 for the season. Lexington is 2-1-1 in district play while the season record is 4-2-1. Rogers took this game to their credit by a penetration win, 3-3.

Rogers kept the lead until the final quarter when Lexington tied up things. The Eagles took off with the opening kickoff and marched 59 yds to a 6 pointer.

It was now that Mayfield began to compile his 14 points. This Rogers back has accounted for the Eagles total points in the last two games.

Mayfield scored from 1 yd out and booted the PAT to put the score at 7-0.

A scoreless 2nd quarter went slowly by and Lexington finally got on the scoreboard in the 3rd quarter. The Lexington score followed a 92 yd drive, sparked by Spencer's passes. End, Sandy Brown took a 25 yd Spencer pass for the TD. The PAT try failed and Rogers still led 7-6.

Rogers stretched the lead to 14-6 in the 4th quarter with a 59 yd drive to paydirt. Mayfield again scored from the 1 yd mark and booted his own conversion.

Now the stage was set for Lexington's 55 yd drive.

The drive was capped by Pratt's 4 yd TD burst. The 2 point conversion tied the game with 1:45 left in the game.

Leading the Rogers ground attack was Mayfield. Eagle fullback Larry Griffith was running a close second until an injured ankle forced him to retire in the 2nd quarter.

Spencer and Cox were the winning combination for Lexington.

The final score: 14-14. This week the Rogers Eagles travel to Troy to meet the Trojans.

	Rogers	Lexington

Recognition For That Solid Line

By Fritz Pratt

The Yoemen have now smashed through their last 3 games with victory. Two of these bouts were in District 17-AA competition.

Coordination and a mechanical smoothness have fallen over the Yoemen's work. And, with each game, our backfield has piled up high totals of yardage.

Fogle has perfected his end-

Buckholts Badgers

Take Jarrell 46-6

Last Friday night, in a non-district game, the Buckholts Badgers downed the Jarrell Cougars by a score of 46 to 6. The Badgers scored 4 touchdowns in the first quarter. Norman Haisler ran over two TDs, passed to Terry McNeill for one more, and kicked an extra point.

The other first quarter TD came when Kenneth Marek went in from the one. Then, when Buckholts kicked off, they downed the Jarrell receiver in the end zone for a safety. Jarrell's Andrew Palousek scored their only TD in the first quarter.

Buckholts struck again with a Barkemeyer to Norman Haisler pass in the second period, and then Arthur Layton scored in the fourth quarter.

Then once more Buckholts scored when the B team, which played a majority of the game, added six by Gordon Haisler passing to Mike Jones. A penalty nullified one Buckholts TD by Michael Boedeker who went over from 23 yards out.

	Buckholts	Jarrell
First Downs	12	4
Yards Passing	102	112
Passes Attempted	11	25
Punts	4 for 100	2 for 30
Passes Completed	5	11
Yards Rushing	254	2
Interceptions	5	1
Penalties	2 for 10	1 for 5

Buckholts will travel to Jonesboro Friday night for their first district game. Buckholts is 3-3 for the season while Jonesboro is undefeated. Gametime Friday night is 8 p.m.

Passes Completed	3	25
Passes Intercepted by	1	0
Punts	5 for 25	5 for 35
Fumbles Lost	3	0
Penalties	5 for 25	5 for 35

around keeper for good yardage. This was evident in his 105 total yards rushing in the game with Caldwell.

Miller is always good for an average of around four yards with his flattening bulldozer methods. Kirk can swivel his hips and fake out until he finds daylight. He has led the Yoe "yards rushing" column in several games. Dennis Crouch is swift and agile enough to scrape out a 1st down when needed.

But what about the other guys... the linemen? What about the guy who splatters that linebacker so that Fogle can take a little more time to pass? Or that end who brush-blocks his man and then clears the way for Miller on a sweep?

What about our linemen who shatter a defense long enough for our fine running backs to get loose?

Well, there's John Hoesch, end, who's been making those sweeps and end runs possible with his blocking. And there's David Barrett with a low-centered shattering block that can give a back plenty of room.

Then there's Dennis Chapman, who can turn a defender just opposite of the direction a play is going. Charlie Maddox has got to be considered when he maintains a steady center position, knowing that he's going to be butted as soon as he moves the ball.

Ronnie Richardson is in there with a splintering blast of power which leaves gaps in any solid defense. John Urban strikes out any man he faces when the ball is snapped.

James Dohnalik, remembering what a help blocking is to a back (and using his line-backer brain to anticipate the opposition's move) always makes sure a hole is waiting for the mail carrier.

Now, finish off this brutal line with end Jim Lafferty, who gets the jump on the defender and downs him before going out to a Fogle pass, and you've got one of the most alert and stony lines you'll ever see.

Grads From Far; Near For Reunion

Yoe High School class reunions Saturday were strong on reminiscing, sparked with laughter and a liberal amount of congeniality, as classmates from 10, 20 and 25 years past renewed friendships.

CLASS OF '42

The Class of '42 met for dinner at the Cameron Country Club. Classmates and guests totaling 94 represented the 121-member class. Special guests were former superintendent E. A. Perrin and Mrs. Perrin, former principal C. H. Wiese and Mrs. Wiese, Francis Cox and Miss Ada Margaret Smith.

Miss Mary Belle Batte, who was unable to attend the reunion dinner, sent a paddle which was well remembered by most of the reunioners and autographed by several.

Traveling long distances for the reunion weekend were: Morette (Woods) Klima of Ord, Nebraska; Robert B. Salach of Hammond, Indiana; Mrs. Lois (Hovis) Shells of Las Vegas; Robert S. Hays (Halberdier) Forten-erry of Louisiana.

Other classmates traveling from Texas cities included: Mrs. Mary Annis (Harlan) Adams and Mrs. Pauline (Garcia) Munoz of Bryan; Mrs. Sarah (Esquivel) Becerra; Mrs. Margie (Orsag) Blackman and Mrs. Matilda (Matula) Bradford of San Antonio; Miss Aleene Griswold of Dallas; Robert S. Hays of Taylor; Mrs. Virginia (Leath)

Issac, Mrs. Louise (Henson) Plaehn and Mrs. Jean (Longmire) Wallace of Pasadena; Clayton Kahler of Garland;

Sam W. Law, Mrs. Maxine (Boedeker) Porter and Mike Nicholson of Houston; Willard Skelton, Port Lavaca; Dick Slocumb, Galena Park; Mrs. Florence (Michalka) Allison, Liberty; Earlane (Angell) Williams, Markham; Era (Foster) Woodard, Weatherford; Curtis D. Hippius, Austin; Jess Maybry and Mrs. Eleanor (Wokaty) Seidenberger of Corpus Christi.

CLASS OF '47

Ladis Marek, Jr. was MC for the Class of '47 reunion dinner at National Hall. Music of the 40s was featured and name cards included high school annual pictures.

Among the 42 present were the following from out of town: Mr. and Mrs. Henry Burnett of Marlin; Mr. and Mrs. L. W. Turner of Ponca City, Okla.; Mrs. Ed Russell of Perry, Okla.; Mr. and Mrs. James McGoldrick of Temple, Mr. and Mrs. Harold Riley of Austin; Mr. and Mrs. Jack Krueger of New Braunfels, Mr. and Mrs. Russell Wallis of Texas City, Mr. and Mrs. W. P. Sweet of Killeen, and Delbert Walston, Mr. and Mrs. Edmund Schmidt, Jr., and Dr. and Mrs. W. H. Katter of Houston.

CLASS OF '57

The smallest class in recent Yoe High history, Class of '57, had 21 classmates back for their first re-

union Saturday. Rev. Johnny Solomon of Little Rock, Ark. was MC for the dinner at The Texan.

Class members at the reunion included: Anita Archer Wallace of Waco, Mrs. Mary Joe Varner Marak Jacksonville, Ark., Franklin Moore of Iowa City, Iowa, Solomon of Little Rock, Emory Camp of Rockdale, Mrs. Beulah Edmondson Franklin of Bryan, Mrs. Gloria Harber Coward, Mrs. Marye Horstmann Davis, Mrs. Beverly Rice Wheeler and J. C. Wheeler of Houston, Mrs. Rita Reid Hipp and Mrs. Ann Knipp Estes of Dallas, Bill Knipp of Temple and Mrs. Evelyn Vybiral Montgomery of Ferris.

Also: Ferroll Angell, Mrs. Bettye Gibbs Ermis, Mrs. Cecilia Hubnik, Marak, Grover McCullin, Mrs. Carol Sanders Barr, Mrs. Bernice Vansa Vazael and Mrs. Bernice Zarosky Kraemer, all of Cameron.

Rogers FHA Chapter Has Foreign Guests

The Rogers High School Chapter of Future Homemakers of America held its monthly meeting for October last week, with the president, Jeanette Klement presiding.

Theme of the program was "Neighbors Near and Far". Special guests were two foreign students from Mary Hardin-Baylor College at Belton, from Mexico and Formosa, who spoke on their country and customs.

A report was given on the Chapter's trip to the State Fair in Dallas on Rural Youth Day, Oct. 7. A report was given on the magazine sale campaign, with the chairman reporting a total profit of \$188.65 for the chapter.

Plans were made for the Mother-Daughter tea to be held later, and also for the area meeting which will be held in Austin on November 4.

LIBRARY FRIENDS TO SEE HOMES OF 19TH CENTURY

Friends of the Library will hear Mrs. H. D. Maxwell review "Texas Homes of the 19th Century", November 1 at 4 p.m.

The book was written by Drury Alexander, associate professor of architecture at the University of Texas. Pictures from the book will be projected on a screen for the group during Mrs. Maxwell's presentation.

The Pleasure and Profit Club is host for the meeting. Mrs. Bob Clark is president of Pleasure and Profit.

St. Anthony Civics Club Is Chartered

The St. Anthony Civics Club of St. Anthony School this week received its official charter from the Commission on American Citizenship in Washington, D.C. The charter formally recognizes affiliation of the local unit with the national organization at The Catholic University of America.

During 1967-68, the 7th and 8th grade students who comprise membership of St. Anthony Civics Club will examine the many-faceted problems of the poverty-stricken, following the theme, "We must learn what it means to be poor."

Officers of the club are: Diane Bryant, president; Lynne Litzman, vice president; Irene De La Rosa, secretary; Judy Hollas, treasurer.

St. Anthony Civics Club is one of the thousands of Catholic Civics Clubs chartered in the United States for the purpose of developing informed, responsible young citizens.

Club members get help in planning and executing club projects through monthly articles in Young Catholic Messenger, national current affairs weekly for students in grades 6 to 9.

Carnival Plans Reviewed At PTC Meeting

St. Anthony Parent - Teachers Club met Tuesday, Oct. 17, at Simon-George Hall.

Bruce Crook, president, announced room mothers for the year and led discussion of business, with emphasis on the coming PTC Halloween Carnival. Seventh grade won room count.

Eugene Mitchan, carnival chairman, discussed carnival progress. He asked for volunteers to assist chairmen in charge of booths and other committees.

The group voted to sponsor a luncheon Nov. 13 for teachers from the diocese who will be in Cameron for a workshop. Mrs. Joe Trdy and Mrs. H. J. Litzman will handle arrangements.

Program chairman Mrs. Albert Michalka introduced Mrs. E. O. Schiller, Jr., chairman of the Teen Council advisory board, and student co-chairmen for the council, Diane Kurtz and Mark Meyer.

The group discussed plans for the proposed Teen Club in Cameron, explained purposes of the organization and asked that the PTC support the club by helping sell the idea to others.

A building in downtown Cameron has been offered the club and the members plan to furnish the volunteer labor to clean and improve the interior. The group said they need paint and plumbing donations before they can begin to operate.

There will be dues to be paid and rules to follow, as with any other organization, the group said.

• San Gabriel

By Mrs. H. H. Linke

Rev. Melvin Zornes and Brooks Barron were in Harlingen Tuesday to deliver a truck and trailer load of clothing and food from the Baptists of Milam Association.

Mrs. Darrell Conn is a patient in Scott and White Hospital where she had major surgery last Friday.

Mrs. W. W. Smith accompanied Mrs. Joe Henry to Fort Worth for a weekend visit with Mr. and Mrs. Larry Henry, Jo Ann and Donna.

Guests of Mr. and Mrs. Weldon Gilchrist from Wednesday through Sunday were Jane Ann and Dennis Lang and children of Midland.

Weekend guests of Mr. and Mrs. Gus Schramm were Mr. and Mrs. Richard Welch and Kenneth of Killeen.

Mrs. Joe Yeager was admitted to St. David's Hospital in Austin Sunday afternoon.

Attending the annual meeting of the Milam Baptist Association in Gause Thursday were Mrs. James Terry, Mrs. Bill Clark, Mrs. Hugo Linke, and Rev. and Mrs. Melvin Zornes.

Mr. Alphonse Oslick, father of Ted and Chester Oslick, died early Sunday morning in a Taylor hospital where he had been since suffering a cerebral hemorrhage Wednesday. Funeral services for Mr. Oslick were conducted from the Condra Funeral Home at 2 p.m. Monday.

Sp4 Paul Mitchell, Mrs. Mitchell and Paul Alan arrived home Friday from Washington on a two-week leave which they are spending with her parents, Mr. and Mrs. Buck Garner.

Mr. and Mrs. Roy Horton brought Mrs. Howard Fulcher home Sunday after she had spent several weeks with them. Before returning to their home in Hampshire, they all went over to Austin to visit Mr. and Mrs. Harold Jobs.

Guests of Mr. and Mrs. Buck Garner from Friday until Sunday were Mr. and Mrs. Pat Garner of Dayton.

Mr. and Mrs. Finnie Mullins announce the engagement and approaching marriage of their daughter, Ruby, to Mr. Lonnie Clinard, son of Mr. and Mrs. Chester Clinard of Maysfield. A December 16 wedding is being planned to take place in the First Baptist Church, Lexington.

CIVIC GARDEN CLUB TOLD FLOWER ARRANGEMENTS REFLECT TIMES

The outstanding interest for the Civic Garden Club for October was a workshop on flower arranging. The club met last Thursday in the carport of the Grabein home with Mrs. Grabein serving as hostess.

Mrs. W. E. Falkner, program chairman, introduced Mrs. Frank Schiller who served as the leader for "Flower Arranging From A to Z". She gave a brief resume of what the group hoped to achieve during the workshop. She pointed out that flower arrangement is the art of organizing selected elements and principles of design to attain beauty, simplicity, expression and harmony.

She stressed that the elements of design are perceived by the senses; are artistic components rather than concrete ones. The elements are the working ingredients which the arranger uses which must be combined and organized to form a complete unit.

Mrs. Schiller noted that flower arranging is a plastic art, reflecting the changing times. It is composed in three dimensional spaces, not in two dimensional planes. The arranger then, working in three dimensions, is concerned with space, line, form, pattern, texture, and color, the design elements of structure.

Assisting Mrs. Schiller in supervision of construction of the arrangements by the members were Mrs. Leo Fuchs, Master Judge; Mrs. R. G. Grabein, Life Judge; and Mrs. J. A. Bowling, club president.

Buckholts Carnival Set Halloween Night

Buckholts' School will hold its annual Halloween Carnival Tuesday, October 31 in the school gymnasium. A chili supper will be served beginning at 6 p.m. for 50 cents a bowl. Pies, sandwiches, coffee, and cold drinks will also be available.

MRS. HAYS HOSTS UDC MEETING

The United Daughters of Confederacy met last Wednesday afternoon at the home of Mrs. John Hays. The new president, Mrs. Frances Lesovsky, conducted the short business meeting.

Mrs. Hays presented a program on Confederate doctors. The hostess served a salad plate and iced tea to six members.

GAUSE-

By Mrs. Wanda Lee

Mr. Oscar Mabe spent several days last week in Hearne General Hospital.

Miss Elizabeth Evans of Rockdale visited Sunday afternoon with Miss Kay Cass.

Mrs. Emmagene Goode and Mrs. Sarah Bowling spent several days here at their homes from their jobs at the South Texas Baptist Childrens Home in Pettus.

Mr. and Mrs. Mike Simmons of Rockdale visited during the weekend in the Henry Simmons home.

Mr. and Mrs. Wayne Lee and Craig visited Mr. and Mrs. Harold Neal in Milano Friday night.

Mrs. Roy Fuller is now home after spending several days last week in Searcy Fleming Hospital in Hearne.

Mr. and Mrs. C. J. Jones returned to their home in Dilley Thursday after spending a couple of weeks here with his sister, Mrs. James Harris. Weekend visitors with Mrs. Harris were Mr. and Mrs. F. B. Mathis and boys of Dallas who also visited in Hearne with Mr. and Mrs. Bud Mathis.

Sp4 and Mrs. Paul Mitchell and Allen are here on a visit with Mrs. Ethel Mitchell. They have been stationed in Seattle, Wash. and will report to their new assignment in Ft. Meade Maryland next week. Other weekend visitors with Mrs. Mitchell were Mr. and Mrs. Tommy Ray Mitchell and children of Freepore and Sgt. Joe Mitchell of Ft. Hood.

Mrs. Winona Bailey is home from the hospital.

Mr. and Mrs. Wayne Lee, Craig and Kelly visited in Milano Sunday night with Mr. and Mrs. Roy Gene Miller and Mr. and Mrs. Billy Reese, Kevin and Missy.

Mr. and Mrs. David Wilkins, Beverly, Kay, J. D. and Diana spent Sunday in Rockdale with Mr. and Mrs. Calvin Eiland. Other guests in this home were Mrs. Edward Whiteley and sons of Killeen, Mr. and Mrs. Guinn Gifford of Thorndale, and Mr. and Mrs. Harold Staffelbach of Rockdale. They all gathered in the Eiland home to help Mr. and Mrs. Eiland celebrate their birthdays with a dinner and family get-together.

Mrs. Bama Wilkins of Hearne is spending several days with Mr. and Mrs. David Wilkins and children.

Mrs. Alfred Coates and two sons of Lamesa and her husband's parents, Mr. and Mrs. Coates arrived Sunday night for a few days visit with Mrs. J. A. Ely.

Mr. and Mrs. Billy Gene Shaw and children of Houston spent the weekend here with Mr. and Mrs. B. B. Rains and Rose Mary and Mr. and Mrs. James Shaw.

Mrs. Barbara Berhinger and Aaron Roy of Waco visited Saturday with Mr. and Mrs. Roy Fuller. They brought Mrs. Fuller home from the hospital.

Mr. Dan Carver came home from the hospital Monday morning.

Mrs. Temple Butler and Mrs. Lillie Harris went to Houston on Monday.

Mr. and Mrs. Mack Morgan and son of Austin visited Sunday with Mrs. Polly Johnson, Penny and James.

Mrs. Bob Garrison is home from the hospital.

Mr. and Mrs. Wallace Underwood have moved from Milano in with Mr. and Mrs. Harvey Roper. Mr. Underwood is in ill health. He sold his barbershop in Milano to Roy Gene Miller.

Mrs. Ira Denman has returned home after spending two weeks in Houston visiting her children, Mr. and Mrs. G. M. Dragoo and family, Mr. and Mrs. Bobby Denman and family, Mr. and Mrs. Bill Darwin and family, Mrs. Johnny Denman, her brother, Mr. and Mrs. R. B. Childress and family, Mrs. Pearl Cass and Mr. and Mrs. R. A. Edwards and family. She spent this past weekend in Minerva with her children, Mr. and Mrs. W. C. Shelaender and family, Mr. and Mrs. Michael Whiteley and Mr. and Mrs. Charles Denman.

ASCS News

By Alva E. Sanders
Details of the 1968 Cotton Program have been announced. There are three principal changes from the 1967 program. These are the diversion percentage, payment rates, and rules for measuring skip-row patterns.

Participation in the cotton diversion program is voluntary. The farmer who wants to take part in the program is required to divert 5 percent of the effective allotment. The payment rate for this 5 percent will be 10.76 cents per pound. However, any additional acreage up to 30 percent of the allotment may be diverted for the 5 percent. For 1967 the required diversion was 12.5 percent, the voluntary diversion not to exceed an additional 22.5 percent, and the payment rate was 10.78 cents per pound.

The farm domestic acreage allotment has again been set at 65 percent of the farm acreage allotment. Farmers signing up to participate and who plant at least 90 percent of their farm's domestic acreage allotment, but not in excess of the permitted acreage for the farm, will be eligible for price support loans and for price support payments on the farm domestic allotment. The price support rate is 12.24 cents per pound compared to 11.53 cents for 1967. The loan rates for individual qualities of cotton will be based on a national average loan of 20.25 cents per pound for Middling 1-inch cotton at average location. This same loan rate is in effect for the 1957 crop.

To qualify for payments a producer is required to plant cotton in a workmanlike manner with the expectation of producing a normal crop.

Small farm provisions are continued for the coming year.

Therefore for 1968, farmers will have the choice of diverting any acreage they wish between 5 percent and 35 percent of the farm's effective acreage allotment. Unless farmers divert the acreage they sign up for they will not be eligible for full program benefits. It is necessary that farmers sign up, showing they intend to take part in the program. The sign-up period will begin not later than February 5, and will close not later than March 15, 1968.

A marketing quota referendum will be held by mail during the period of Dec. 4 through Dec. 8. If marketing quotas for the 1968 upland cotton crop are disapproved by farmers, the allotment program will remain in effect but there will be no acreage diversion program and no price support payments.

The skip-row rules which were in effect for the 1965 crop will be reinstated and made applicable to the 1968 crop. Under these rules, only the land actually planted to cotton was counted as cotton land in determining compliance with program provisions.

Official notice has been received that Congress eliminated the 1963 Cropland Adjustment Program from the 1968 Appropriation Bill. This means that there will be no sign-up for producers desiring to participate in a 1968 CAP. This has no effect on producers already having 1966 or 1967 agreements. Previously signed agreements will remain in full effect for the remaining years in the agreement period and producers will continue to receive their annual payments.

A football player, playing a game of four full quarters, will lose from eight to ten pounds.

4-H CLUB ACTIVITIES

Deborah Stephens

Deborah Stephens, daughter of Mr. and Mrs. Byrd Stephens of Rt. 1, Rockdale, is a member of the Rockdale 4-H Club.

Deborah has carried a total of 9 projects ranging all the way from poultry, recreation, foods, civil defense, clothing, leadership, to beef, dairy and swine.

She has represented Milam County at the District contest in the Junior Civil Defense Demonstration for the past two years and has placed first both times. She has also participated in the Junior division in the District Share-the-Fun contest for two years, participated in the District Swine Show in 1964 where her gilt placed 3rd, and has shown broilers in the county broiler show for the past four years.

Deborah has served her club as treasurer and has been active in many local and county events.

She will receive the Citizenship Award at the county awards banquet.

Jane Anderle

Eleven year old Jane Anderle will also receive the Home Improvement award. She is the daughter of Mr. and Mrs. Walter Anderle of Cameron.

Jane has completed two years of 4-H Club work and has carried three projects. They include foods and nutrition, clothing and home improvement. In her home improvement project, Jane added furniture in her bedroom, a new vinyl floor, rug, and several accessories which she learned to make in her project group.

In 1966 she received a red ribbon in the county 4-H Favorite Foods Show in the vegetable and fruit group.

Jane is a member of the St. Anthony 4-H Club. She has participated in the club's summer activities, county 4-H camp, county Christmas party and the trip to the State Fair. Jane is now serving as secretary of her club.

Buckholts

By Mrs. J. W. Meyer

Mr. and Mrs. Charles Hundle and Mr. and Mrs. George Sanders were visitors at Wesley Sunday where they went to attend a reunion of the James and Posival families. Others attending from this area included Mr. and Mrs. Charles Hundle Jr. of Cameron and Mrs. Lilly James of Rosebud.

Thomas Kirschke, who has been a patient under medical treatment at Scott and White Hospital in Temple, has returned home.

B. M. McMillion is a patient under medical treatment at Newton Hospital in Cameron. Also Arthur Taylor is a patient at Newton Hospital where he is under treatment.

Mrs. Ethel Chapman has been visiting in Temple where she was a guest of her brother's family, Mr. and Mrs. Roy Mauldin.

Mrs. C. R. Criswell is visiting in Austin where she is a guest of her sister, Mrs. Virginia Pearce.

Cravy (Red) Lewis of Austin, formerly of Buckholts is recuperating from surgery at Seton Hospital in Austin.

Tortoises on the Galapagos Islands are believed to be the oldest living creatures on earth.

Rites Held For Mrs. Woods, 79

Mrs. Laura B. Woods, 79, of Milano, died Friday night at her home. Funeral services were at 2 p.m. Sunday at Phillips and Luckey Funeral Home chapel in Rockdale. The Rev. Joe Howard of the First Baptist Church officiating. Burial was in Milano Cemetery.

Mrs. Woods lived in and near Milano all her life. She was married to C. T. Woods of Milano on Feb. 18, 1906. Mr. Woods died in 1956. She was a member of the Christian Church.

Surviving are three sons, Wesley Woods of Rockdale, Tim Woods and H. D. Woods, both of Milano; five daughters, Mrs. Grace Hairton and Mrs. Johnnie Mathews, both of Milano, Mrs. Laura Myers of Washington, Mrs. Nancy Dreher of Rockdale and Mrs. Lillian Edmonds of Cameron; three brothers, Ted McGregor of San Antonio, Walter McGregor of Lake Jackson and Emmett McGregor of Maryland; four sisters, Mrs. Alice Newman of California, Mrs. Edna Thomas of Bryan, Mrs. Julia Hutto of Centerville and Mrs. Gertrude Laferney of Somerville; 32 grandchildren; 38 great grandchildren; and 7 great great grandchildren.

Services Held For Mrs. Mullinax, 90

Funeral services for Mrs. Beulah Mullinax, 90, lifelong resident of Milam County, were held October 15 at Green's Funeral Home with Rev. Art Webb, pastor of Battetown Baptist Church officiating. Burial was in Salem Cemetery.

Mrs. Mullinax had been in declining health for several months and died October 12 at the home of her daughter, Mrs. Mary Smith of Cleveland.

Surviving are: one daughter, Mrs. Smith; two sons, Milton Mullinax of Cameron and Jewell Mullinax of Houston; one sister, Mrs. Rachel Corley of Durant, Okla.; 12 grandchildren; 19 great grandchildren; and 7 great great grandchildren.

The Royal Standard Flag is flown from Buckingham Palace in London when the Royalty is in residence.

Colorado has the greatest number of high peaks of any state in the nation.

Presbyterians To Hear Robert Reeves

Robert D. Reeves, a senior student at the Austin Presbyterian Theological Seminary in Austin, will be guest pastor at the First Presbyterian Church on Sunday, Oct. 29.

A resident of Baton Rouge, La., Reeves received his bachelor of arts degree from Northwestern State College in 1963. He has served as a student assistant pastor in both Baton Rouge and Zachary, La.

He is a member of the First Presbyterian Church of Natchitoches, La., and is under care of the Red River Presbytery while he is studying at the Austin Seminary.

Your Serviceman

SAN DIEGO
Boatswain's Mate First Class August D. Reimer, USN, son of Mr. and Mrs. Philip J. Reimer of Route 1, Cameron, is at the Coronado Naval Amphibious Base, San Diego, Calif., serving on the staff of the Commander Amphibious Training Command, U.S. Pacific Fleet.

The Amphibious Training Command provides amphibious warfare instruction and training to men of the Pacific Fleet Amphibious Force and conducts specialized training for Navy personnel prior to their departure for duty in Southeast Asia.

DAYTON, Ohio
Technical Sergeant Andrew L. Ondreas, son of Mike E. Ondreas of 205 S. Karnes St., Cameron, has received the U.S. Air Force Commendation Medal at Wright-Patterson AFB, Ohio.

Sergeant Ondreas was decorated for meritorious service as a weapons supervisor at Phan Rang AB, Vietnam. He was cited for his outstanding professional skill and initiative.

The sergeant, a 1945 graduate of Yoe High School, served during the Korean War. His wife is the former Ethel M. Lavender.

County Agent's Notes . . .

Cattle Meet Set

By J. D. Moore

Three county wide beef cattle meetings are to be held as follows: Rockdale - Oct. 30, 8 p.m. in the Rockdale State Bank Conference Room; Oct. 31, Thorndale, 8 p.m. in the school cafeteria; Cameron, Nov. 1, 8 p.m. at the Yoe High Vo-Ag Building.

U. D. Thompson will discuss cattle nutrition at the Rockdale meeting. Dr. C. M. Patterson, A&M veterinarian, will discuss cattle health and James Denton, economist, will discuss cattle economics at the Thorndale meeting. L. A. Maddox will discuss managing the beef cattle herd at the Cameron meeting.

The 1964 census listed 1723 farms in Milam County. The average size was 273.8 acres. Approximately 1250 of these farms report cattle. A 1967 count listed 61,000 head of cattle on Milam County farms.

Assuming land values at \$200 per acre and carrying capacity at 5 acres per cow, we have a thousand dollars land investment per cow. If you charge this old cow 6 percent for the use of this money you add another \$60 to her cost. Add another \$6 charge for miscellaneous cost and you have in the neighborhood of \$1,066 tied up in each cow.

Assuming your cow cost per year at \$80 and the calf selling at 25 cents per pound at 400 lbs., you

have made about 2 percent interest on your cattle investment.

The purpose of these county cattle meetings is to hear authorities as well as our local stockmen discuss these problems and try to put together suggestions that could increase cattle profits. All cattlemen are urged to attend all three of these meetings. Visitors are welcome.

The meetings are being held at the three communities in an effort to reach more interested cattle owners.

ALERT FOR SCREW-WORMS

Throughout Texas, livestock producers should continue to check their stock closely. New cases of screw-worms are intensifying in the overwintering area, and if not stopped, will mean additional problems next year, says Dr. Ph. Briscoe, Jr., president, Southwest Animal Health Research Foundation.

AUCTION REPORT

There were 550 cattle and 350 hogs consigned to the Cameron livestock auction Thursday, according to auction barn officials.

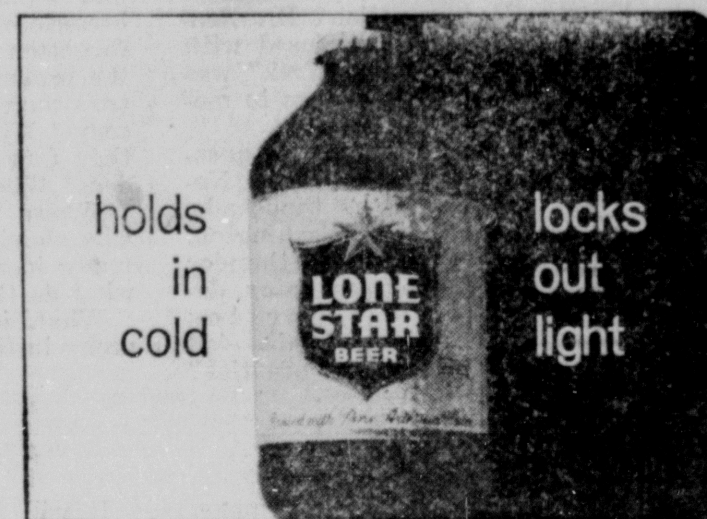

Prices paid were:

She's not concerned about electricity in 1980...But we are!

In 1980—today's toddlers will be in junior high school.

Today's high schooler will be the lawyer, engineer, homemaker, teacher, scientist.

While these young people are maturing in the next 13 years, TP&L plans to provide them with three times as much electricity as our customers use today.

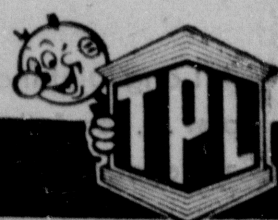

They'll need it, too.

A substantial growth in population, more homes, added industries and many new electrical devices will call for the three-fold increase in the production of electric power.

TP&L is constructing two additional large generating units now.

Others are being planned.

We'll be ready.

TEXAS POWER & LIGHT COMPANY

a tax-paying, investor-owned electric utility

The Cameron Herald

Page 2a CAMERON, TEXAS' HERALD, OCT. 26, 1967

THE FAMILY LAWYER

Champion of the Consumer
Mineral water that will cure everything from sterility to poison ivy.
Garlic pills that will relieve high blood pressure.
Olive oil that will help prevent appendicitis.

Health claims like these are the business of the Federal Trade Commission, established over 50 years ago as a monitor of business ethics. In thousands of cases, the FTC has cracked down on advertising that ventured too far away from the facts.

To be sure, the FTC itself must stay within the limits laid down for it by Congress. It has no right to prevent mere salesmanship, even though exuberant. For example:

The FTC objected to the claim that a certain weight reduction plan was "easy to follow." But a court overruled the FTC's objection.

"The term is obviously relative," said the court. "Such words as 'easy,' 'perfect,' 'amazing,' 'prime,' 'wonderful,' 'excellent' are regarded in law as mere puffing, upon

which no charge of misrepresentation can be based."

On the other hand, the FTC may indeed stop outright deception, not only in the field of health but in most other fields of business activity as well.

Thus, the FTC has struck down a "French" perfume that never saw France, a "university" that had neither faculty nor library, and a "lifetime guarantee" good for one year only.

At first, the FTC was set up primarily to protect one businessman from another. It could take action against a false claim only if honest businessmen were being harmed by their dishonest competitor.

But under a later amendment, the FTC was made the champion of the consumer as well. Even if other businessmen do not complain, the FTC may step in to protect the consumer from being duped.

"Laws are made to protect the trusting as well as the suspicious. The rule of caveat emptor should not be relied upon to reward fraud and deception."

OLD PHILOSOPHER

Dear editor:

Some people never can seem to get enough things to worry about.

For instance, I read in a newspaper I found wrapped around a fresh batch of tin cans somebody threw in the ditch alongside the road by my house yesterday that space scientists are now worried about contaminating other planets. They said "an earthly space probe sent to a planet such as Mars could contain within it enough biological organism to contaminate an entire world," and consequently they are studying ways to sterilize all their spacecraft.

I have thought this over and while it beats worrying over Vietnam and next month's bills, I can't get steamed up over it, although I can see how it could lead to some weighty problems.

For example, say we're going to colonize the moon. Who would decide which insects and which germs we ought to haul up there? If we decide none should be brought in, how long would you have to boil an astronaut before you could call him germ-free?

By the time Congress got through

debating what would be a fair proportion of white to red corpses we ought to put on the moon, not to mention good insects like ladybugs, Russia would already have the moon settled and owe as much money as the rest of us.

Come to think of it, and while this might not be very scientific, I can get a certain amount of fun out of the idea of shipping say a batch of mosquitoes to the moon and imagining them flying around in circles on that barren wasteland trying to find somebody to bite. Or gnats, or flies, or chiggers, or a bad cold virus. You can figure out your own list during the half at Sunday's football game.

On the other hand, I understand the Russian probe of Venus has discovered that the temperature there is over 500 degrees, hot enough to melt metal. That's the place to colonize. Wouldn't have to sterilize anything, although you might have trouble eating, what with your fork melting in your hand every time you lifted a bite.

Yours faithfully,
J.A.

Dateline Austin ...

Highway Cutback Opposed

By Vern Sanford

AUSTIN — A proposed cutback in federal highway spending would seriously damage Texas economy, hamper safety efforts and break continuity in the state's road building program, Gov. John Connally has told U.S. officials. This proposal was President Johnson's first response to demands for economy.

In responding to an invitation from U.S. Secretary of Transportation Alan S. Boyd to comment on the suggested slash, Connally said a 50 percent reduction in the federal aid highway program would mean no jobs for 30,000 Texans.

Connally noted that the program has given states incentive for long-range planning vital to efficiency of public works. As a result, he said, Texas Highway Department has maintained continuity and balance in its program "rather than the feast and famine type approach so commonly practiced" in other fields.

Texas is launching plans to improve highway safety, which would be curtailed by a fund reduction with a resulting increase in the traffic toll on out-moded highways, Governor pointed out.

"It is somewhat difficult for us to understand how a reduction in expenditures for highways financed from the trust fund for which taxes on the motorists have already been levied would be of any advantage to the balancing of the federal budget," Connally wrote. "It is assumed that there would be no corresponding reduction in highway user taxes to balance the reduction in federal aid highway expenditures. If such tax reduction is contemplated, it would be possible for the states to add such levies to their tax programs to keep the state economy in balance."

COLLEGE ENROLLMENTS UP
Enrollments at universities, colleges and junior colleges in Texas are at a record 344,471 students, 9.7 percent over last fall.

Costs, too, inevitably are rising. Coordinating Board, College and University System noted. Agency estimated that the state bill for higher education will go up \$31,400,000, or 19.5 percent, the next biennium if the Legislature approves its fund allocation formulas.

In other action, Board adopted a policy permitting professors in state schools to voice their opinion freely as private citizens without fear of punitive action affecting their jobs. Agency delayed until January the decision on a state-wide educational television network proposal.

Enrollment breakdown follows: state senior colleges, 199,241; junior colleges, 76,007; private senior colleges, 58,929; and private or church related junior colleges, 10,294.

MUTSCHER CLAIMS VICTORY
Rep. Gus Mutscher of Brenham officially announced his candidacy for next speaker of the House of Representatives to succeed Ben Barnes.

The Speaker is elected by a majority vote on the opening day of the regular session.

Mutscher claims pledges from 135 of the 150 House members.

COURTS SPEAK
Third Court of Civil Appeals, reversing former State Savings and Loan Commissioner James O. Gerst, approved the opening of a downtown Houston unit of Spring Branch Savings and Loan Association. Same court upheld State Banking Board award of Charter for

American Bank of Commerce, Grapevine.

State Supreme Court backed the Texarkana Court of Civil Appeals ruling that Mt. Pleasant cannot require Jere Dairy to deliver milk three times a week in the city.

Court of Criminal Appeals reversed the murder conviction and ordered a new trial for a Smith County man accused of killing his wife's former husband because the wife (a divorce suit was on appeal) was allowed to testify at trial.

Same court reversed the murder conviction in a Harrison County case because the indictment was corrected after being read to the jury, changing the spelling of the victim's name.

ATTORNEY GENERAL RULES

Fishermen can't catch fish with their bare hands in waters of the 32 Possum Kingdom Regulatory District counties, Atty. Gen. Crawford Martin has held.

In other opinions, Martin ruled that:

—Judge Ewing Werlein of Houston cannot draw pay as court of civil appeals justice for month of September when he was sitting as a district court judge.

—Broad and unlimited corporate purpose clause providing for preparation of income tax returns and assistance with such returns necessarily would include practice of law.

—Employees of community centers for mental health and mental retardation are employees of political subdivisions entitled to social security coverage.

—Texas probate code provisions that court may waive costs or fees charged in guardianship proceedings to qualify a person for public welfare assistance are not repealed by new county clerk's fee bill.

—Act creating Caprock Hospital District provided that the maximum the Floyd County tax assessor-collector can charge for assessing and collecting the district's taxes is the top rate he receives for handling county taxes.

APPOINTMENTS ANNOUNCED

Larry Temple, Gov. Connally's top aide, has been named special counsel to President Johnson. Temple, 31, is the second Connally

'A McNamara's Band?'

One could call the thousands who stormed the Pentagon an inverse "McNamara's Band."

Or one could wonder how many of the hip-type longhairs needed a grant, albeit a small one, to get them back home after protesting against the nation which allows such dissent.

Troops forced hundreds of the students back with sheathed bayonets. Would Russia or Cuba or newly dictatorial Greece have been as kind?

Since when has it been within the competence of a baby doctor, whose book is read by millions of mothers, to anoint the President with political blasphemy and vituperation? Dr. Benjamin Spock, not to be confused with a Mr. Spock of TV's "Star Trek" was one to set the Pentagon charge in motion.

The debacle arouses the deepest questioning of national purpose. If the Negroes march by hundreds of thousands, though peacefully, in Washington, should the intellectuals raise thunder there? Should the Negroes enjoy destructive abandon in city ghettos while the intellectuals and hips loll peacefully over whole sections of cities?

Is this why taxes are high? Why a half million people are in South Vietnam? Why public taste in music and publications and theatre is without taste? Why Mr. Average Citizen is numb in silent rage and disbelief?

This "McNamara's Band" tops them all. This protest brought the political deviates to the military hatbox. Would they be so brave in a Viet jungle? Would the V-C sheath his bayonet?

One wonders if these people want a national purpose? Do they fear their own responsibility as Americans and as human beings? Do they, in personal and public privilege, regret their past because of a Viet blunder? Have they forgotten the Bay of Pigs? Where was the protest? Have they forgotten Castro's purges or the free elections never come? Where was the protest? Have they forgotten the V-C's civilian murders? Where was the protest?

Where is such protest going? And why should such protest disrupt an already incredible involvement? Finally, what do these people know?

What, indeed, is left but more anarchy in the streets?

It will now be possible — perhaps even unavoidable — to hear the current musical ecstasies of the hip set at play on sidewalks, in public conveyances, and no doubt in the more widely favored wilderness areas. No one, however much out of it all, will wallow in ignorance of what tunes have sold 1,000,000 copies or have room for the least doubt that they must have done so ... Sound principle is to be valued above rubies, but a gadget is irresistible. Lilliput never had it so good.

—St. Louis Post-Dispatch

Music On The Hip

Almost anything anyone can make, someone else can make smaller, as we are reminded anew by the announcement of a two-pound radio-phonograph operating on miniature batteries and playing HP (hip-pocket) records about the size of the ordinary phonograph record label. Miniaturization spurred and dramatized by man's adventures into space, is also proceeding at a fairly supersonic speed right on the ground. Those cute little television sets, which will be as small as a three-decker sandwich can be taken, were fair warning.

Expanded State Park Development Urged

Pete Gilvin, Amarillo, has been named chairman of an action committee to develop support of the constitutional amendment to acquire and develop more State Parks.

The chairman was selected by representatives of the four regional chambers of commerce meeting in

Austin.

J. T. Shahan, Bracketville, chairman of the inter-regional group, pointed out that the bonds provided by the constitutional amendment were self liquidating.

Gilvin said, "The action committee will publicize the advantages of an expanded park system

throughout the State. Speakers and fact material will be provided to service clubs and other organizations to explain the economic and esthetic values of more and improved parks."

The names of the action committee will be released next week, according to Gilvin. They will be from all sections of Texas.

Why not take the wheel of this Cutlass 5—youngest of the "youngmobiles" from Olds. A new 350-CID Rocket V-8 delivers more power at lower operating cost. (And does it more smoothly and quietly, as well.) You say you prefer a Six? Olds has a 250-CID Action-Line 6, too. These are only openers. You can tailor Cutlass 5 to your fancy and finances. 4-speed stick to stereo to sporty plinestrapping. Front disc brakes to dual

exhausts to Rally Sport Suspension. (All the new GM safety features are standard.) What it adds up to is this: If you like cars with a lot of pizzazz in the way they look—cars with a lot of moxie in the way they drive—your Oldsmobile Dealer is the man to see. They're the only kind he carries.

FORGOTTEN SOMETHING

THE CHURCH FOR ALL . . .

ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Winning Theme

The following theme was first place winner in the Fire Prevention Week contest for 7th and 8th grade classes at Ada Henderson School.

By Kathy Price

Fire, in early days, was worshipped as a god while today fire is not worshipped at all. In some ways fire is feared, and in other ways it is useful. God made this beautiful world to live in and not to be destroyed, and there are many ways to prevent fires to keep this world beautiful.

Almost all of the people who start fires are just careless. Some throw down cigars and cigarettes, some others might have left their campfires going, others may have left fires on in their house, and still others have maybe left matches or cigarette lighters in the reach of small children. This does not necessarily mean that little children are to blame for their parents' mistakes. It should be blamed on the person who left the matches or cigarette lighter in the reach of small children.

When you and I were very small, our parents probably told us not to play with the things called matches. As we grew up, we learned more and more about the dangerous thing called fire.

A couple of weeks ago, I heard a story about a little boy. This little boy saved his mother's life. His mother had been smoking on the couch, when she fell asleep. She dropped her cigarette on the floor. Her little boy tried to awaken her, but she would not wake up. The little boy ran to the telephone and called the operator. He told her what was happening, but he could not remember his address. The operator traced the call and very shortly the fire engines were there. The fire engine and firemen put the fire out and rescued the woman.

I think this is a remarkable story. So you see, if you teach a child what to do, in case of an accident, he will do it. Just because a child is little does not mean he is not smart. Teach your child the phone number of the doctor, operator, and fire department because some night or day your child might save your life.

Contest Winner

The following theme won first place in Yoe High School's Fire Prevention Week contest.

By Jane Callaway

Never play with fire, because fire plays for keeps! In half an hour, fire can destroy what it took many years to build. And, the tragedy of it is, fire can be prevented! By far, the greater number of fires are the result of human carelessness.

The careless smoker is the most dangerous person of all. A smoldering cigarette or cigar, the live ashes of a pipe, or a flickering match tossed carelessly on, or near, inflammable material can start a destructive fire.

If you smoke, enjoy it. Nobody denies you that pleasure. But, when you have finished, extinguish the cigar or cigarette completely in the proper place. If none is available, grind it out with your foot. Don't merely step on it.

Grind it out, then look to make certain that it is not smoldering. A wisp of smoke can make a flame quickly.

It is unwise and unsafe to smoke around inflammable material as straw, rubber cement, wood alcohol, gasoline, kerosene, hair spray, and certain types of cleaning fluids. Flame does not have to come in contact with these liquids to start a fire. The fumes can, and often do, act as a fuse which conducts heat to the liquid, causing it to explode. This can scatter flaming liquid all over the place.

Electricity is another cause of fire. Under proper control, electricity is one of man's most obedient and useful servants. Without adequate safeguards, electricity can become a "firebug" that destroys its master. Thousands of fires are caused daily by frayed wiring, faulty connections, over-loaded circuits, and wrong fuses. If you see a sputtering plug or switch, a frayed connection, or bare insulation, report it at once. The trouble can't cure itself and can only become increasingly dangerous. Don't play around with electrical fixtures, appliances, or wiring unless you know what you are doing. Don't attempt repairs unless you know how to make them. If you are going to work on appliances, lines, or outlets, first remove the fuse or pull the switch.

Spontaneous combustion is the igniting of a substance or body from rapid oxidation of its own contents without heat from any external source. All of which means that some things can catch fire of their own accord; for example, oily rags or waste stored in places where air doesn't circulate freely, can burst into flames without warning or outside help. Since the oily rags are in an out of the way place — a closet, perhaps — the fire can get out of control before it is detected.

Escaping gas as a possible cause of fire and murder. If you can detect the source of the fire at once, you try to find it — but don't go looking for it with a match. Many a joke has been made of that subject, but it is no joke to the person who is caught in a blinding, burning flash. Shut off the main gas valve and call the utility company at once.

Fire prevention requires the use of caution and good sense at all times. The few rules set down here are the important ones. A big fire can be started by a small bit of carelessness, an act that may seem trivial and harmless when it is committed.

A hways B e C areful is the "ABC" of fire prevention.

The zinnia is the state flower of Indiana.

THE CAMERON HERALD

• Clarkson

By Mrs. J. A. Blasienz

Mr. and Mrs. Otto Mayer were married 25 years on Sunday, October 22. They were surprised by a group of friends from their church on Sunday night with a supper at their home. Guests were Mr. and Mrs. Herbert Engbrock and son, Mr. and Mrs. Paul Olbrich and son, Mr. and Mrs. Walton Warshaw and family and Miss Mary Geiser, all of Burlington.

Also Mr. and Mrs. Melvin Davis and daughter of Waco, Mr. and Mrs. Lawrence Kostroun and sons of Cameron, and Mr. and Mrs. Leon Ernst of Clarkson.

Mr. and Mrs. Melvin Posvar and children, Malinda and Alan Wade of Cyclone were guests of her parents, Mr. and Mrs. Louis Skala on Sunday.

Mr. and Mrs. Jack Belk of Temple were recent guests of her mother, Mrs. John Matyastik, Mrs. Nancy Michan and sons, Michael and Brian.

Mr. and Mrs. Tom Tholen and daughter Jackie of Cypress, and Mr. and Mrs. Jimmy Reynolds of Freeport have been recent guests of Mr. and Mrs. Cullen White.

Mr. and Mrs. Louis Skala visited in the Hubert Skala home in Rosebud recently.

Mrs. J. A. Blasienz visited Mrs. Verga Hice, and Mr. and Mrs. Bill Harrison in Ben Arnold on Wednesday.

• Sharp

By Mrs. Willie Schwarz

Mrs. Edward Cousin and children of League City have been visiting Mr. and Mrs. Jerry Harbuz and also visited her grandmother, Mrs. Mary Brown of Cameron. Mrs. Brown has been a patient in St. Edward Hospital.

Mr. and Mrs. Tommy Romine of Houston and Mr. and Mrs. John Robert Rinn of Dallas visited in the E. J. Rinn home.

Mr. and Mrs. Dalbert Brockenhush and daughter of Houston were weekend visitors with his brother, Emory Brockenhush and Peggy.

Mr. and Mrs. Clyde Hargrove spent the weekend with Billy Tom Daniels of San Antonio. They went sight-seeing. Mrs. Core Williams returned home with them for a visit with her mother, Mrs. Hargrove.

Saturday supper guests in the Willie Schwarz home were Mr. and Mrs. John Janke of Val Verde, Mr. and Mrs. James Schwarz and children of Waco.

If you drive by the cemetery you will notice the improvement that has been made recently. The association has purchased a new lawn mower and with the aid of other mowers, it is in nice shape for the winter.

Mr. and Mrs. Charles Duncan, Misses Norma and Agnes Rinn and Mrs. George Gamble attended Presbyterial in Copperas Cove on Thursday.

Mr. and Mrs. Dan Drummond recently made a trip to Tulsa to visit their son, D. C. and family.

Mr. and Mrs. George Young spent Saturday and Sunday in Caldwell with Mr. and Mrs. George Young Jr. and family. George Jr. is moving into a new home this week.

Mr. and Mrs. Ernest Brown of Houston were Saturday night guests of the Lenza Caffey's.

Clyde Caffey of Austin was home for the weekend.

Mr. and Mrs. Lenza Caffey spent Sunday in Rockdale with Mrs. Effie Caffey and were joined by Mrs. Lucy Caffey and Mr. and Mrs. Riley of Fort Worth.

Mr. and Mrs. Roy Green spent Sunday afternoon with Mr. and Mrs. Raymond Green and children of Cameron.

Miss Jeta McCoy and mother visited a while Sunday with Mr. and Mrs. Ray Green.

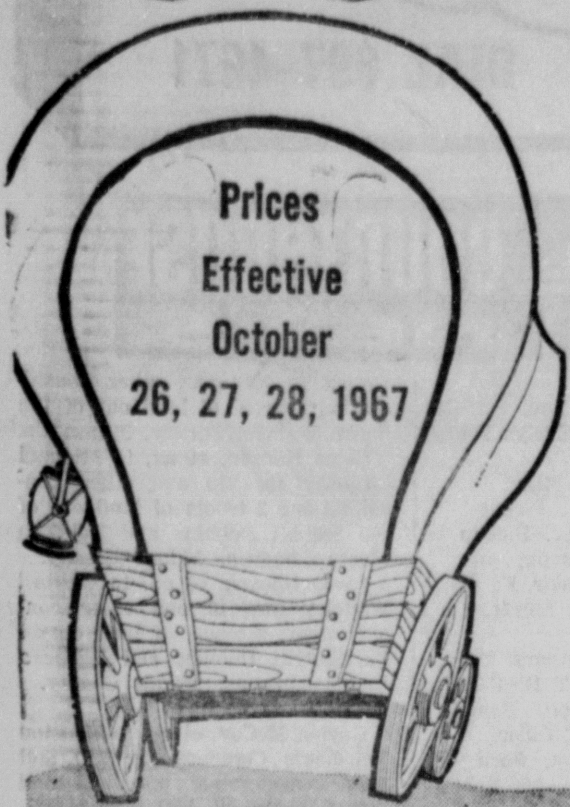

Mrs. Mabel Charles and Mrs. Theda Albrecht were visiting in Temple Friday.

Mr. and Mrs. Willie Schwarz and mother, Mrs. Annie Schwarz were recent visitors with the Charles Schwarz family in Amarillo. They also visited relatives in Lubbock.

The President of the United States should be addressed as Mr. President or Sir.

Copra is the dried meat of coconuts from which oil has been extracted.

2ND BIG WEEK!!!
P.S. BEEF from the Big Flavor Country!

HOME
KILLED

MID AMERICA . . . HOME OF THE WORLDS FINEST BEEF!!!

From the days of the big cattle drives, Mid-America has been known the world over for producing the finest in beef. Although the big cattle drive is a thing of the past . . . the green rolling hills and tender sweet grasses still exist in Mid-America and produce the best in beef flavor.

Today in the big flavor country our own meat specialists select the best of the best Graded Beef, only one out of ten of this top grade is good enough to be branded P.S. (Personally Selected). So ride over to our store and shop our wide range of P.S. Beef cuts . . . they're personally selected for you from the Big Flavor Country!
